MY PROJECTS

To-Do App

- Shared Preferences
- Re-useable component
- clean code

Alarm Clock app

- Date & Time manipulation
- User Interaction

Weather app

- API Integration
- Error Handling
- User Experience Enhancement

Card Matching Game

Calculator app

Stopwatch app

Quote app

EXPERIENCE

CodSoft [Remote]

- During the Android App Development internship at Codesoft, I immersed myself in real-time Flutter application design, culminating in the creation of two impactful projects within a month. This experience not only expanded my skill set but also added valuable projects to my portfolio, enhancing my confidence in Flutter development. I'm grateful to Codesoft for this opportunity to upskill and boost my proficiency, making me more self-assured in my abilities.

Prodigy Infotech[Remote]

- During my internship at Prodigy Infotech, I had the opportunity to work as a Flutter Intern, contributing to the development of cutting-edge mobile applications. Prodigy Infotech's commitment to innovation and excellence provided me with a valuable platform to enhance my skills and gain practical experience in the field of mobile app development.
