| <ul style="list-style-type: none"><li>• Gained experience in front-end development using the Angular framework and back-end development with Java Spring Boot.</li><li>• Integrated MS SQL database with back-end services for efficient data storage and retrieval.</li><li>• Utilize Postman for API testing and debugging and JIRA for project management and task tracking.</li><li>• Enhanced application performance by optimizing code and database queries.</li><li>• Worked on expanded features, refined code, improved processes, and enhanced user engagement through continuous integration and delivery practices.</li><li>• <b>Technologies used:</b> PHP, Angular, TypeScript, JavaScript, HTML, CSS, Bootstrap, REST APIs, Java, MS SQL, Postman, JIRA, Git, etc.</li></ul> |                                              |                     |

## SKILLS & INTERESTS

---

- **Interests:** TED Talks, Learning, Nepal Stock Market, Hiking, Futsal, Cricket
- **Languages:** Native Nepali, English, Hindi
- **Technical:** Angular 2+, JavaScript, TypeScript, Bootstrap, Java Spring Boot, REST APIs, MEAN, MS SQL, Git, postman, JIRA

## PROJECTS

---

### Loan Management System (LMS)

SB Solutions Pvt. Ltd.

- Provided banking support for various banks and microfinance institutions.

### Web and Mobile Application

College Project

- Designed and developed a comprehensive web application, '**Online Blood Management System**', utilizing PHP, and a complementary Android application, '**Valuator App**', built with Java in Android Studio, to streamline blood donation and management processes.

## EDUCATION

---

Gwarko, Lalitpur

Academia International College

### BSc.CSIT (Bachelor of Science in Computer Science and Information Technology)

- **Main coursework:** Operating System, Agile Development, Web API Development, Android Application Development, C Programming, .NET, Java, Programming, Algorithms and Data Structures, etc.

### Training/Certificate

- **IBM Academic Certificate:** Successfully passed the IBM Academic Certificate exam and was awarded the SQL and Relational Databases on 21st June 2023.
