SOFTWARE ENGINEER

Motivated and results-driven Software Engineer seeking a new role in a challenging environment and offering a strong foundation in software development and years of experience with a proven ability to develop scalable applications.

KEY COMPETENCIES

- Software Development
 - Programming Knowledge (JAVA, Swift, Python)
 - Version Control
 - System Design
 - Understanding of Software Development Life Cycle (SDLC)
 - Testing
 - Strong interpersonal skills
 - Proactive and self-motivated
 - Adaptability to changes
-

PROFESSIONAL EXPERIENCE

Mango Software Solutions

June 2024 - Present

Technical Project Manager

Developed and implemented a streamlined process for gathering and converting business and technical requirements. Developed and standardised the work flow, improved project delivery and standardized the development flow.

Anigraphy Studio

October 2022 - June 2024

Project Manager and Team Lead Mobile Application Development

Led the end-to-end development of mobile applications, overseeing both project and technical aspects of the project. Created and implemented the streamlined workflow for mobile application development, enhancing the project delivery efficiency. Standardized the development process, improving team collaboration and ensuring consistency in product quality across projects.

Innovate Tech

Jan 2022- October 2022

Team Lead Mobile Application Development

Led a dynamic team of mobile application developers, guiding them through different phases, which included design, development, and deployment. Implemented best practices and standardized coding procedures, ensuring high-quality and maintainable code across projects. Providing mentorship and guidance to the junior developers.

SunBi Technologies

April 2021 - Jan 2022

Full Stack Mobile Application Developer

Designed, developed, and maintained end-to-end mobile applications, handling both front-end and back-end development. Utilized a range of technologies to build responsive and user-friendly interfaces, as well as server-side logic. Integrated APIs and third-party services to enhance app functionality. Collaborated with stakeholders to gather requirements and deliver high-quality applications.

TakeFotu Inc**July 2020 - April 2021****Mobile Application Developer**

Developed and maintained mobile applications, focusing on creating seamless and user-friendly experiences across multiple devices and platforms. Worked closely with the designers and product managers to translate requirements into functional and visually appealing apps. Implemented efficient coding practices to ensure high performance and scalability. Actively contributed to the full development lifecycle, from concept to deployment, ensuring timely and successful project delivery.

Info Developers Pvt. Ltd**March 2018 - July 2020****Mobile Application Developer**

Developed and deployed a range of high-impact applications, including connectIPS, mDabali, and e-commerce platforms. Played a key role in designing user-centric interfaces and implementing back-end solutions, ensuring seamless functionalities, scalability, and security. Collaborated with cross-functional teams to gather requirements and deliver efficient mobile applications.

Info Developers Pvt. Ltd**October 2017 - March 2018****QA Engineer**

Conducted comprehensive testing of software applications, including automated tests, manual testing, and stress testing. Developed and executed test cases to ensure application functionality, performance, and reliability. Collaborated with the development team to identify bugs and system flow to improve product quality. Helped set up and maintain the testing environment and provided detailed feedback on issues to ensure they were handled.

TJungs Tech**Feb 2016 - August 2016****Front End Developer**

Assisted in the development of a responsive and visually appealing web interface using HTML, CSS, and JavaScript. Collaborated with designers and senior developers to translate design mockups and wireframes into a functional, user-friendly website. Gained experience in troubleshooting front-end issues.

EDUCATION**BSc (Hons) in Computing**

Islington College

A Levels

Little Angels College

School Leaving Certificate (SLC)

Shree Rastriya Bal Vidyalaya
